Senatorial Balloting.

The first ballot for United States Senator taken in separate session Tuesday resulted in a deadlock. In the House J. C. W. Beckham received forty-eight votes, W. O. Bradley forty-eight votes, David W. Baird one, J. N. Kehoe one, and Representative Lillard, of Boyle county, declined to vote. Chris Mueller, of Louisville, voted for Mr. Baird, Virgil McKnight, of Maysville, voted for Mr. Kehoe. In the Senate Beckham received eighteen votes and Bradley's sixteen votes. Senator J. Wheeler Campbell, of McCracken county, voted for Charles K. Wheeler; Senator H. S. McNutt, of Louisville, voted for Gen. John B. Castleman; Senator Tabb, of Hardin county, voted for David H. Smith. Beckham received a total of sixty-six votes, four short of the number required to elect.

The first joint session was held by the two Houses of the General Assembly Wednesday at noon. At the close of the balloting it was seen that ex-Governor Beckham, the Democratic nominee, was still three votes short of the required majority to elect while ex-Governor W. O. Bradley, the Republican nominee, held his sixty-four men solid.

Although Beckham gained one vote Wednesday, he lost one, which had been cast for him Tuesday, through the illness of Representative W. J. Jackson. Senator W. W. Tabb of Hardin county, who had voted for former Congressman David H. Smith on Tuesday's separate ballot, switched Wednesday to Governor Beckham, and was received with open arms and loud shouts of approval by the Beckham forces.

The vote in the Senatorial race yesterday was the same as on Wednesday. The latest information we get is that Beckham will probably be elected about next Tuesday. We also have it that the Republicans have given Bradley notice that they will vote for him four or five days longer, and will then cast their ballots for Senator Wheeler Campbell, of McCracken county, one of the Democratic Senators who has been voting against Beckham.

We understand though that you can hear many such reports at Frankfort, and as it now stands it is all guess work. All kinds of propositions are being offered.

\$4.00 SHOES AT \$2.90

Frank & Co., are selling all \$4.00 Shoes at \$2.90

Mrs. Sarah Saunders Short, the relict of the late James Short, entered into eternal sleep at an early hour Wednesday morning after a long, useful and busy life.

Mrs. Short was the daughter of Jeremiah and Mahala Scott Saunders, and was in her eighty-fourth year of age, and had lived in the home where she passed away for fifty years. She was married in 1842, and is survived by two daughters, and one son—Mrs. C. P. Barnes, of Louisville, Mrs. John A. Hanly, of Kansas City, and Mr. James Short, of Chicago.

Mrs. Short was a most remarkable woman in many ways and was loved and respected by all. She was a woman of unusual intellect, a bright conversationalist and industrious almost to the very last, it only being a few days ago she arose from her sick bed and worked upon a quilt she was anxious to finish.

She was historian of the Richard Hawes Chapter, Daughters of the Confederacy, and furnished many interesting papers at the meetings of the Chapter. She was called the "Mother of the Confederacy" by many of our old Confederates, they knowing her true devotion in time of war. Her home was turned into a Confederate hospital after the battle of Cynthiana, she having eleven wounded men of Morgan's command brought to her home, where she nursed them as tenderly as if they had been her own children. She not only nursed the Confederate sick, but she nursed the secrets of the cause; she sewed for them, and, in fact, we are told by the old soldiers who know she did more for the Confederacy than any woman in Kentucky. She was fearless and determined in war times and loved by every Southern sympathizer.

Mrs. Short was the oldest member of the Paris Baptist church, and always a consistent Christian woman. A devoted wife, a loving, tender mother, a noble Christian woman has passed to her just reward, and her many noble traits of character will live forever in the community where she spent her long and useful life. It was surely a life well spent.

Funeral services will be held at the residence this, Friday, afternoon, at 2 o'clock, conducted by her old pastor, the Rev. Dr. Geo. Varden.

Still Moving.

Wagons loaded with tobacco continue to pass through Paris on the way to the Lexington Tobacco Warehouses.

Small Pox.

There are nine cases of small pox in Scott county. Eight of the cases are in the family of Jerry Teagarten, in the northern part of the county. The disease came from Cincinnati.

Members School Board Sworn In

The members of the School Board that were elected at the November election, Dr. F. L. Lapsley, T. T. Templin, C. Arnsperger and Dr. E. L. Stephens, were sworn in at a meeting Monday night in Superintendent Chapman's office in the court house. R. P. Dow, the retiring president of the Board, was unanimously re-elected.

Mr. and Mrs. William Lovell Yerkes invite you to be present at the marriage of their daughter Amanda Lovell

to Mr. Henry Shawhan May Wednesday evening, January twenty-second,

one thousand nine hundred and eight at eight o'clock at the home in Paris, Kentucky.

The bride-to-be is one of Paris' loveliest and most popular young women, and the groom-to-be is one of Bourbons' successful young farmers, a son of the late Capt. J. C. May, of Lexington. The wedding will be a very quite one owing to recent death in the family of the bride-to-be.

RELIGIOUS.

—The Presbyterian churches of Paris will hold their services together during the time of the disability of Rev. Dr. E. H. Rutherford. Services in the Second Presbyterian church, corner Sixth and Pleasant streets, next Sabbath at 10:45 a. m. and 7 p. m., and Prayer Meeting Tuesday at 3 p. m. Rev. Joseph S. Malone, pastor of the first church will be in charge and preach on the Sabbath and will lead the Prayer Meeting Tuesday afternoon. The sessions of the Sunday schools will be held as usual in the churches to which they respectively belong.

—Elder Carey E. Morgan's subject at the Christian church Sunday morning will be "Neglect;" in the evening the second sermon of the series of problems of every-day life, "Problem of Self Control."

K. of P. Banquet.

Twenty-five or thirty members of Rathbone Lodge, K. of P., of this city, will go to Frankfort today to attend a big K. of P. banquet in that city tonight.

Take Advantage of Paris Citizen's Experience Before It's Too Late.

When the back begins to ache, Don't wait until backache becomes chronic: Till serious kidney troubles develop; Till urinary troubles destroy night's rest.

Profit by a Paris citizen's experience.

T. A. Shea, living on Main street, Paris, Ky., says: "I have used Doan's Kidney Pills and think very highly of them. My kidneys had caused me considerable trouble for some time, and I suffered with pains across the small of my back. Doan's Kidney Pills were brought to my attention and I procured a box. The good results I obtained from their use makes me well pleased to give them my hearty endorsement. The pains across my back speedily disappeared, and I felt better in every way, my general health being much improved. Doan's Kidney Pills can be procured at J. A. Wilson's drug store and I advise every sufferer from kidney trouble to give them a trial."

Republican Governors Have Thier Troubles.

While the words of commendation bestowed upon Gov. Willson for his recent efforts to suppress the lawless practices of the "night riders" in the Central and Western sections of Kentucky are well merited, we find that he is not the only Republican governor who was ushered into office while lawlessness prevailed in some sections of the State.

In looking back over the darkest pages of Kentucky's history we find that ten years ago, almost to the day, Gov. W. O. Bradley was struggling to put down the outrages that were being committed by the "toll-gate raiders," a period in Kentucky's history that is still fresh in the minds of some, and not until every toll-gate in the State was thrown open did such lawlessness come to an end.

Gov. Wilson, in his message to the Legislature, now in session at Frankfort, recommended that some action be taken to bring to justice the "night riders," and in that way alone could peace and law be restored to the Commonwealth, but it remains to be seen whether his efforts will be crowned with success, or will the tobacco trust have to be driven beyond the State's borders before peace will be restored and lawlessness cease.

Fine Work of Two Paris Young Men.

The following is from the Lexington Leader of Tuesday:

"Frank Daugherty, a graduate of the State College, now a prominent engineer of Philadelphia, delivered a lecture to the senior class in Mechanical Engineering at State College Monday."

"The last piece of work done by Mr. Daugherty was the construction of electrifying of a road between Philadelphia and Atlantic City. This had formerly been an ordinary railroad, but under the direction of Mr. Daugherty, it was changed into an electric road. The designing for the principal power plant as well as all the sub-stations and minor affairs, were under the supervision of Mr. Daugherty. The road is constructed of three rails and is the best equipped and largest electric railroad in the United States. Already the traffic has become enormous. It is said that each year a number of passengers equal to twice the population of the city of Philadelphia are carried over the new electric line."

"Mr. Daugherty is now designing a power plant, that will be at once the most unique and the largest affair of its kind in the world. The plant is to cost \$1,500,000. The plant is to be located in the heart of the Pennsylvania coal field. The design is to utilize the waste products of the coal in the production of electric power. This will be transmitted over the surrounding country for an area of a hundred miles radius. The entire supervision is in the hands of Mr. Daugherty."

"Mr. Daugherty graduated in 1901. His home was formerly Paris. He made a good record while in the Engineering Department of the College. On leaving, he went to Philadelphia. He has been in Pennsylvania the greater part of the time since leaving college. He is now one of the foremost engineers in America."

"His younger brother, J. T. Daugherty, left the State College only a little over a year ago. He would have graduated within a few weeks, but left to take a position at Cornell University. He is now assistant professor in the Agricultural Department of that great University and is working for a doctor's degree."

Lame Shoulder Cured.

Lame shoulder is usually caused by inflammation of the muscles and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwre, of Biostown, New Brunswick, writes: "Having been troubled for some time with a pain in my shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by W. T. Brooks. You need no other guarantee.

Trust Made Final Offer.

Officers of the American Tobacco Company in New York are willing to meet a delegation from the tobacco districts of Kentucky, with a view to settling the differences existing between them, but say they can see little hope of anything resulting from such a meeting. In a letter which has been received from R. K. Smith, the attorney for the company, who speaks with authority, says that the company is not in a position to buy more than 10,000,000 pounds of tobacco from anybody, and will not pay the Equity Society more than it pays those who are not members. The letter says the company is not willing to discriminate either for or against the society.

Hager May Get Place.

Judge S. W. Hager says that while his friends may have been talking of him for a place on the new Board of Control of charitable institutions he is not a candidate for that or any other position. He said that he intended to practice law, and was not running for anything. In spite of the fact that Judge Hager is not a candidate, it is known that he is favored for a place on the new board, and will receive many votes if the proposed bill becomes a law.

Library For Eastern Kentucky.

Andrew Carnegie is considering the advisability of establishing a circulating library in Eastern Kentucky for the benefit of the mountain region. It will probably be located at some place in the Big Sandy valley. Mr. Carnegie is now in correspondence with Representative Langley, of the Tenth Kentucky district, on the matter, and there is every indication that he will donate \$50,000 or \$100,000 for a library. This will be left to a committee to be designated by Mr. Carnegie.

Need Second Lieutenants.

One officer in the Kentucky State Guard has a good chance to get into the regular army as a second lieutenant, and there will probably be several applicants for the place, which will be filled by appointment by Gov. Willson, under a rule of the War Department. The department needs men in this rank and has asked the Governors of all the States to name each a man from the State Guard who is qualified to serve as an officer in the regular army. A competitive examination will be held and the required number selected.

Maj. Wood To Be Reappointed.

Maj. A. T. Wood, of Mt. Sterling, is to be reappointed Pension Agent at Louisville. The Major has no opposition; in addition he has made a fine record and it is doubtful if an opponent appears. All the Republican members, with Chairman Ernst, are for him and the nomination will be sent to the Senate at an early date. The President in discussing the matter declared his intention of giving Maj. Wood another term.

Crushed to Death.

Mrs. Dove Grady, of Madison county, was crushed to death by part of the stable falling on her. She is survived by a husband, who is old and blind, an idiot son and a crippled daughter.

Republican Gets Certificates.

The State Board of Election Commissioners Tuesday issued certificates to the Republicans in the Twenty-sixth and Twenty-third judicial districts. The Democratic incumbents claim that their appointments held good until the regular election.

Terrible Holocaust.

After day of unremitting rescue work, the bodies of 167 people had been removed at dark Tuesday night from the ruins of the Rhoades opera house in Boyertown, Pa. It is not believed there are many other bodies in the ruins, and it is probable the death list will not go higher than 170. The work of rescue was seriously hampered by the bitter cold weather. It is probable that not more than 10 per cent. of the victims will be identified. The property loss by reason of the fire will not exceed \$75,000.

Now President Cantrill.

J. Campbell Cantrill, the newly elected president of the Kentucky Union of the American Society of Equity, issued an address to the Farmers of Kentucky. Mr. Cantrill says his organization asks the support of the law-loving and law-abiding citizens of the State. He appeals to the farmers to stand together, and urges that more members be brought into the association.

THEATRICAL.

A WONDERFUL DRAMA OF INTEREST.

—Most strikingly effective of all the religious dramas ever presented is "The Holy City," Clarence Benner's powerful and interesting play, pictures with strength and mastery power the scenes and incidents leading up to the betrayal of the Master Jesus. The dance of Salome, the daughter of Herodias, before King Herod, is shown as is her successful plea for the head of the great preacher. After John's death, events move with great rapidity and the plotting and scheming of the high priest and the Pharisees with Herod are depicted as well as the giving of the thirty pieces of silver to Judas, who promises to betray Jesus into the hands of his enemies. The presence of Jesus, of course, only suggested, but so cleverly is this done that the spectator seems carried back two thousands years and fancies himself an actual witness of the great scenes which accompanied the enactment of the greatest tragedy in the history of the world. Other scenes depict the convulsion of nature at the moment of the crucifixion, the suicide of the remorseful Judas and the bringing of the glad tidings of the resurrection. The entire play is a drama of simple majesty and wonderful interest and is presented by a company of sterling players. "The Holy City" will be presented at the Paris Grand for one performance only. Tuesday, January 21.

Another Bluff of the Tobacco Trust.

The following is a fair sample of the methods of the American Tobacco Company, the most damnable trust now in existence, and one that should by legislation be put out of business.

W. H. Blodgett, staff correspondent of the Indianapolis News, writing from Guthrie, Ky., says:

The American Tobacco Company, which is the tobacco trust, has obtained options on 45,000 acres of land, and is negotiating for much more than that. Before it is done it will probably get 100,000 acres. It has employed practically tobacco farmers, and it is experimenting with the soil of Indiana to ascertain whether tobacco can be successfully raised in the Hoosier State, and if it can be, Indiana will be one of the greatest tobacco States in the Union. In Indiana about 4,000 acres of land is already used in the tobacco culture. While some tobacco is raised in most of the Indiana counties, the greater part is grown in the counties of Brown, Clark, Dearborn, Dubois, Fayette, Greene, Harrison, Jefferson, Ohio, Randolph, Spencer, Switzerland and Warrick. The American Tobacco Company is after land in Switzerland, Dearborn, Ohio, Warrick and Jefferson.

It has now great warehouses in Warrick, Spencer and Ohio counties. Indiana at present raises about 7,000,000 pounds of tobacco a year. The biggest tobacco market in the world is Louisville, and it is possible that even if the plans of the tobacco trust are carried out, Louisville will remain the great market, although the plan of the company contemplates making markets at Evansville and Cincinnati.

Date Chosen for Blue Grass Fair

The annual meeting of the stockholders of the Blue Grass Fair Association was held on Tuesday, January 7th, and the old Board of Directors was re-elected, with the exception of two men who were forced to retire from the Board on account of other business. The Board consists of Messrs. J. N. Camden, Jr., of Woodford county; Abram Renick, of Scott county; David Castleman, of Mercer county; James L. Gay, of Woodford county; J. M. Terry, of Harrison county; E. F. Shropshire, of Bourbon county; E. A. Farra, of Jessamine county; and James L. Watkins, Leonard G. Cox, C. D. Cunningham, John Gund, Jr., L. B. Shropshire, Joseph F. Walton, and James R. Bush, of Fayette county.

Following the stockholders' meeting a meeting of the newly elected directors was held and by unanimous vote Mr. J. L. Watkins was re-elected President and J. M. Terry was re-elected Secretary. Mr. Abram Renick was made first vice president, Mr. Leonard G. Cox, second vice-president and Mr. J. W. Porter treasurer. The board claimed the week of August 10th to 15th for the Blue Grass Fair of 1908, so that the big Central Kentucky institution will this year, as last, open the circuit of important fairs of the country.

On Saturday, January 18th, a meeting of the secretaries of all the fair associations of Central and Eastern Kentucky will be held at Lexington to decide upon dates for these several fairs so as to endeavor not to have any conflict. A uniform classification will also be taken under consideration.

Remarkable Demonstration Given by Chicago's
Strange Philanthropist Before
Immense Throng.

Removes Immense Parasite From System of Well-Known Man
With a Few Doses of Peculiar Medicine.—Refuses
Pay For Services.

Chicago.—Special.—Excitement over the marvelous cures of L. T. Cooper continue unabated. One of the largest crowds that has yet called upon the noted philanthropist visited him yesterday, and a remarkable demonstration of his power was given before the entire audience. Selecting an elderly gentleman, whom he noticed carrying an ear trumpet, Cooper motioned him to come forward. He poured a few drops of a peculiar liquid into the man's ear, and then rubbed them softly for a minute. Stepping quickly backward to a distance of sixty feet, he asked in an ordinary conversational tone, "Can you hear me?" a look of surprise and delight spread over the man's face as he answered, "Yes, I hear you perfectly."

The gentleman was Mr. John Aulting, 37 Boston Avenue. Mr. Aulting stated that he had been deaf for many years. He said:

"For nearly nineteen years I heard nothing. I had a terrible, rumbling noise constantly in my head that was almost maddening. It appeared at about the time I lost my sense of hearing, and no matter what treatment or remedies I tried, I could find no relief. Once in a long while I could just barely distinguish a noise, but in all of those long years I was unable to hear a human voice. I had given up hope and had resigned myself to a life of silence when I read of the Cooper preparations. "Thirty days ago I began the Cooper treatment, and my condition was almost immediately improved. I began to have confidence and took the remedies faithfully. Now, thanks to the Cooper medicines alone, I can hear as well as I ever did in my life. My family and everyone that knows me, will testify to the wonderful cure in my case. I shall always be grateful to Mr. Cooper for what he has done for me, and I want other people who are deaf to know that there is yet hope for them."

Many of those who called had come to thank Mr. Cooper for what he had done for them, they having previously written him a statement of their condition and having followed his instructions, had returned to tell him of their cures.

A gentleman by the name of Emil Winkler exhibited a glass jar containing a parasite eighty feet long, which he claimed had passed from his system after taking seven doses of Cooper's medicine. The parasite was alive and Mr. Winkler was anxious to know what it was.

When Cooper informed him the cause of his ill health had been removed, he was greatly relieved, and was profuse in his thanks to the philanthropist.

Thousands of people viewed the parasite, and expressed surprise that such a thing could exist in the human system. Mr. Winkler is a well-known electrician, living at 182 East Ohio street. In speaking of his experience, he said:

"For five years I have been more or less complaining. I have had severe headaches any food that I would eat would nauseate me. I would have bad dreams almost every night, dizzy spells would compel me to quit work. Black spots would appear before my eyes when stooping over and rising quickly. I would feel tired most of the time, in fact, I have had no life in me to speak of for the last five years. I tried various treatments, and one physician in St. Louis was recommended to me and I was under his treatment some time, but as usual I obtained no relief."

"So many people asked me to try the Cooper preparations I decided to do so, and after using it for a few days this awful thing passed from my system. I

feel much better already, and I want to say right here that I thank Mr. Cooper a hundred times for what his medicine has done for me. I would not take \$5,000 and have that thing back in my system again."

A story with a touch of pathos was related by a gentleman conversant with the facts that illustrates the kindly nature of the philanthropist, and explains to a great degree his wonderful hold upon the people.

A delicate woman, whose face bore traces of care and suffering, and whose frail body was distorted by the ravages of disease, called at the Public Drug Store and asked for Mr. Cooper, but he was out and the little woman turned away, resignedly, but sadly disappointed.

To her it was another stroke of misfortune, and she turned her weary steps toward the little home, where a sick husband was awaiting her return. But her disappointment was of short duration, for Cooper was just then coming up the street. Noting the careworn look and halting step, he came quickly forward and assisted her carefully over the crossing. By a few kindly, well-directed questions, he learned that she had been to call upon Mr. Cooper to secure medicine for her sick husband, who had been ill for a long time, unable to provide even the barest necessities for his little family.

The poor woman was greatly astonished when she found she was talking to Mr. Cooper himself. He assisted her back to the drug store, supplied her not only with the required medicines, but also with almsgiving of silver, and sent her home with a light heart and smiles shining through her tears. That night a big basket of groceries was left at the little home, and it was not hard to guess who was the donor.

Another feature of Cooper's visit to this city, and one that has attracted a great deal of attention, is the many cures of rheumatism that have been effected by the use of his remedies. Among the number who made statements on this subject was Louise Herman, 945 North Avenue, who said:

"I have for years been suffering from rheumatism and kidney complaint. At times I was unable to walk and my back was very weak. My limbs were very sore and swollen and I was in a very nervous condition. I could not sleep at night, always felt tired in the morning, and would often have severe headaches. My health had entirely broken down and I had begun to feel if life was not worth living. I had tried different medicines, but all to no avail. Nothing seemed to help me and I did not know what it was to have a well or happy day."

"One evening I was reading in the papers what great results Cooper's New Discovery and Quick Relief were accomplishing in Chicago and I made up my mind to give them a trial, and if they were what the papers said they were, why then I would surely receive some benefit."

"So I purchased some of the medicine and after the first few days I noticed that my sleep was more restful and that the pain in my limbs was not so bad. I kept on using the medicine and after two weeks I had nearly recovered my health. I can never say enough about these medicines, for I never expected to see a well day again, and here I am enjoying life with my friends, and all due to the wonderful New Discovery."

"I want to say that it's the greatest remedy in the world, for it has made me a well woman where all others failed."

How is Your Digestion.

Mrs. Mary Doling of No. 228 Eighth avenue, San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts the testimonial. I am fully convinced that for stomach and liver trouble Electric Bitters is the best remedy on the market today." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at Oberdorfer's drug store.

Mind Your Business!

If you don't nobody will. It is your business to keep out of all the trouble you can and you can and will keep out of liver and bowel trouble if you take Dr. King's New Life Pills. They keep biliousness, malaria and jaundice out of your system. 25c at Oberdorfer's drug store.

Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25 cents at Oberdorfer's drug store.

Mail Subscribers Must Pay in Advance.

The United States Postoffice Department has issued an order, No. 907, dated December 4, 1907, amending the postal regulations, which will hereafter compel newspapers to enforce business principles in their circulation department and probably reduce the press-room waste that has cut some figure in the recent 50 per cent. advance in the price of white paper.

The new order is intended to reduce the volume of second-class mail matter made up of newspapers and magazines, which the government now carries at one cent a pound, entailing a big annual loss to the postoffice department. It practically limits the use of the mails at these cheap postage rates to papers sent to bona-fide subscribers, paid in advance, and publishers will be fined four cents for every pound of mail sent out in violation of the regulations.

In order that the new rule may not be harsh in its application, the postoffice department has provided that a reasonable time shall be allowed to publishers to secure renewals of subscriptions before cutting off subscribers whose time has expired or who are in arrears. This time allowed is fixed at months 3 for daily papers, for 9 months for semi-weekly papers, and four months for monthly magazines.

Under the operation of this rule publishers will find an amount equal to the transient postage rates, four cents a pound, for every daily newspaper sent to a subscriber over three months in arrears and for every semi-weekly newspaper sent to a subscriber nine months in arrears.

Publishers generally will, we believe, be glad that this regulation has been made by the Postoffice Department, as it will effectually settle the question whether mail subscribers should be cut off at the expiration of their subscriptions. In the past it often happened that subscribers who were carried over the time for which they had paid complained because they were not discontinued, while others who were promptly cut off at expiration took offense and felt that this was an imputation on their honesty or ability to pay.

The new regulation establishes for the future a business-like custom that it is fair to publishers and subscribers, and relieves the matter of all embarrassment to either side.

There is no doubt that the old custom was abused by publishers and subscribers, by the former in sending papers and bills to people who wished to discontinue and by the latter in accepting and reading papers and then refusing to pay for the ground that the subscription had expired.

In compliance with the new law we will at once send out bills and renewal notices to all mail subscribers who may be in arrears, and hopes to have prompt responses in order that there may be no violation on our part.

In the past we have never used these columns to urge payment of subscriptions or arrears, leaving such business details to the circulation department, but we believe the new postal regulations, requiring that all subscribers be cut off if nine months in arrears, on penalty of forfeiture of second-class postage privileges, justifies this explanation, which will be run in several issues in order that all our mail subscribers may understand the new order of things.

The Pure Food Law.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy, have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by W. T. Brooks. You need no other guarantee.

Sunday School Workers at Work.

The Committee on house to house visitation have selected Thursday, January 23, 1908, as the day on which all homes in the city are to be visited, and the members of the family given an invitation to attend the church and Sunday school of their choice.

This is the work of all the Christian churches of the city. The object is to get a correct list of all the persons living within the city and its suburbs, with their preference to church connection. To accomplish this, visitors, furnished by the various churches, will be sent out to call at every home. The cordial co operation of all upon whom these calls will be made is most earnestly requested as the work is undertaken in the interest of the religion of your Master, Jesus Christ. The information thus obtained will be used as follows:

All information cards are to be turned over to the Committee, they separate the members and those that prefer the various churches, and these are turned over to the members representing this church. A copy of all who have no preference will also be turned over to the members of the committee on the same day. Then the various churches are to look up those who prefer church, but are not connected with them and those who have no preference and see if they cannot get them interested in the work.

All who have volunteered to canvass the town are requested to meet at the Methodist church Sunday afternoon at 3 o'clock for instructions, and their blanks.

Come, bring your pencil and a piece of paper to take a few notes. Kindly bring someone else who is willing to help us with you, for we must have a sufficient number to do this work, for this is work that will not work itself. The Committee is requested to meet at the same church about fifteen minutes earlier.

DR. E. L. STEVENS, Chairman.

New Testimony in Thaw Case.

Many witnesses entirely new to the case testified at the trial of Harry K. Thaw Wednesday and told stories of his eccentricities during the years immediately preceding the killing of Stanford White. They all declared he impressed them as being irrational. Christopher Baggan, a steward of the New York Whist Club, told of Thaw's doings on the day of the tragedy.

Notice.

Being unable to leave my store to call on those who owe me, I most earnestly ask them to call and settle their accounts. Your bills are past due and I need the money to settle with my creditors. I do not care to put my accounts into the hands of a collector, but will be forced to do it, if you refuse to call in and settle. Please bear this in mind, that if I could carry you longer I would cheerfully, but the time has come when I need what is due me and must have it.

Hargis Cases Not Dismissed.

Judge James Hargis, of Breathitt county, is not yet out of the woods of criminal prosecution. Last spring when Judge Hargis was tried at Lexington for the murder of James Cockrill, the jury stood ten for acquittal and two for conviction. It was then freely predicted by Hargis' friends that the case would then be dropped, as well as those against Elbert Hargis, Ed Callahan and Bill Britton, for the same offense. However, when these cases were called on the criminal docket Tuesday at Lexington they were not dismissed, but were continued temporarily, Judge Parker refusing to order a continuance until the next term, stating that he desired to have the cases disposed of if possible at this session of court. So confident were the defendants that the cases against them would be either dismissed or continued indefinitely that none of them were in Lexington to attend the session of the court, though their local attorneys appeared for them. All four of the accused are under bond of from \$5,000 to \$10,000.

Brought Here for Interment.

The remains of George Jasper, who died in Chattanooga about eighteen months ago, arrived in this city Tuesday for interment in the Paris cemetery. Mr. Jasper was survived by his wife, Mrs. Cammie Knapp Jasper, who is an invalid, suffering from rheumatism, and since the death of her husband has resided with her sister, Mrs. William Myall, in this city.

First Sale of Equity People.

The Burley Tobacco branch of the Society of Equity Tuesday made its first sale since the tobacco pool was formed in 1906. Three hundred and five thousand pounds of the 1906 crop were sold to Love & Buffington, of Covington. The sale was made at the prices which had been set by the Society of Equity for these grades, as high as thirty cents being paid for some of it, although most of it was sold at eighteen cents a pound. The sale was made on the samples stored at the Society's sample warehouse in Winchester, though the tobacco itself is stored in warehouses in the different counties of the Burley tobacco district. The Society of Equity people and jubilant over the sale, although it is a small one, as they believe that other sales of larger quantities will soon follow. The tobacco is to be delivered in hogsheads as soon as it can be made ready. Love & Buffington, the purchasers, intend to manufacture their purchase into plug and fine-cut.

Cost of Trial.

The cost of the jury and veniremen in the Powers trial at Georgetown was \$5,320.70. The cost of the two hundred veniremen summoned from Harrison county was \$1,431.68 and the cost of the three hundred veniremen from Grant county and the twelve jurors who sat on the case was \$3,889.06.

Tunnel Caves In.

The south end of the tunnel on the Maysville division of the L. & N., near Pleasant Valley Station, caved in Monday night about 8:30 o'clock as passenger train No. 68, enroute to Maysville, was about to enter it, the engine and baggage car being caught under the debris. It was almost a miracle that Engineer Ed. Aldridge and his fireman escaped, but the heavy timbers fell on the engine in such a manner as to allow them to pass out unhurt. Capt. James Dunn was in charge of the train. A wrecking crew in charge of Master of Trains W. O. Chambers and Master Mechanic Ed. H. Gorey, soon arrived on the scene, and trains Tuesday morning were able to pass through the tunnel.

Millersburg Preachers Object to Dancing.

Report comes from Millersburg that the ministers of the town petitioned Major Best, of the Military Institute not to allow dancing at a reception recently given in honor of a son and daughter of E. P. Gamble. All of the preachers met in solemn conclave and adopted resolutions to which they signed their names, and delegated Rev. Watts, of the Methodist church, to present them. He did so—and in ten minutes it snowed.

Major Best and his estimable wife, considering this a public presumption on the part of the clergy, promptly withdrew their letters from the Methodist church. Of course the conflagration spread. Members of the churches to which the Bests did not belong inquired of their minister what he had to do with members of another denomination, and reminded him that his own flock needed his attention. There was no dancing at this particular reception, but on last Friday night the cadets and their young lady friends had a fine hop in the spacious drill hall.

As Judge Harmon Stitt has large interests in Millersburg and frequently visits the city, a News reporter called upon him for additional facts. In answer to the News man's question he said:

"I am sorry to confess that I am not fully advised as to spiritual affairs in that part of the vineyard. However, I am told that the brethren down there think that dancing is almost the worst use one can put the legs to and they have determined to stop it. Amen: say I and so will say all who ever had their feet walked all over by a clod-hopper who danced like he or she was wrestling with a shock of fodder. Yes, Brother Best withdrew his church letter. He has done it before. I presume he will put it back after he fumigates it. Everything is for the best, my brother; don't let these little skirmishes of Satan disturb the repose of your soul. Call at the court house and interview Scribe Tom Savage who is assisting Pharisee Bally Paton."

Selects Two Distinguished Kentuckians.

Two distinguished Kentuckians will have their pictures on the State checks in the future, instead of the picture of William Goebel, which now adorns the State's promises to pay. Gov. Willson has decided to put on the checks pictures of Abraham Lincoln and John C. Breckinridge, and J. W. Hedden, the State Printer, is looking for good pictures of these two men, so that he can have excellent likenesses of them.

For some time the State checks have borne the likeness of William Goebel, but several days ago Gov. Willson directed that the pictures be removed and the picture of Henry Clay be substituted. Since then he has been thinking the thing over, and decided that it would be better to have Lincoln and Breckinridge, representing the two great factions in the Civil War. Both of them were Kentuckians and both had distinguished records in the service of the nation.

Father Sends Son to Prison.

Albert Doher was given a term of five years in the penitentiary, with his father, Joseph Doher, as chief witness for the prosecution in the Fayette Circuit Court Wednesday. The son was charged with forging his father's name to checks by which he drew from the Phoenix National Bank \$1,200 which represented all the property the old man had in the world. The prodigal son soon squandered the money, but when his father, instead of taking him into his bosom, grimly pushed the prosecution, young Doher confessed and escaped with a five-year penalty. The persons are Assyrians and the \$1,200 had been slowly accumulated by the old man and his wife by peddling on the streets of Lexington for thirty years and living in poverty.

Sale of Pooled Tobacco Stopped.

The Bourbon Board of Control on Tuesday heard that Mr. Frank Lair, of near Shawhan, who had pooled six acres of tobacco with the Equity Society, was hauling his crop to Lexington to sell. The Board sent Mr. Kenney Nichols to Lexington to investigate, and he found the tobacco being unloaded at the warehouse.

The tobacco was entered for sale in the name of the negro driver, who admitted to Mr. Nichols that the tobacco was not his, but said it was the property of Frank Lair. Mr. Nichols very promptly went to C. W. Bowmar, proprietor of the warehouse, and stated his case.

Mr. Bowmar said that under no circumstances would his house permit the tobacco to be offered for sale and had it transferred to the basement floor. Mr. Nichols returned to Lexington Wednesday morning and had the tobacco loaded on a wagon, which left Lexington at 12 o'clock for Paris to be stored in an Equity warehouse.

As a result of this alleged attempt to sell pooled tobacco the Bourbon Board of Control has decided to station a representative in Lexington to visit the different warehouses daily for the purpose of detecting any attempt on the future to smuggle pooled tobacco from this county for the purpose of selling it.

Taft on First Ballot.

President Roosevelt is said to have predicted to callers at the White House Saturday that Secretary Taft would be nominated for the presidency on the first ballot. The President is quoted as saying that Secretary Taft would have in the convention a solid South, a solid West and probably a solid New England; that he would have many votes from the Eastern States and probably a majority of the New York delegation.

Newspaper Indicted.

John C. Wood, editor of the Mt. Sterling Gazette; Hoffman Wood, formerly local editor, and Ben W. Hall, postmaster, have been indicted in the Rowan Circuit Court at Morehead on a charge of libel against Judge Allie W. Young, Judge John M. Lassing and Col. Mott Ayres, State Fire Marshal. The article on which the action is based was reproduced in the Gazette from the Louisville Herald, and concerned an

alleged conversation between Judge Lassing and Robert L. Green said to have been held in Cincinnati, regarding the Democratic primary in 1903, at which Greene was a candidate for Appellate Clerk. All the parties gave bond in the sum of \$500, and the case will be tried at the March term of the Rowan court.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Wednesdays & Saturdays

Have you reaped any benefits from our Special sales? If not, get busy. We have two every week---Wednesdays and Saturdays. They are money-savers. They are pleasing announcements to economic buyers.

We take from our different departments some of the best things, put them in our two large windows for one day only at prices below cost. If not sold they are put back in stock at regular price.

It is a chance of a life-time to buy the best of Grand Rapids productions in Furniture. The finest of Carpets and Rugs, the most up-to-date Curtains and Draperies and the newest and best of wall-paper at less than manufacturer's cost.

Be sure and watch our ads in the paper as well as our windows for these great bargains.

Terms Spot Cash. None Exchanged. None sent on approval.

Our Next Special Will Be Saturday, January 18th.

Too True.

"Wanted, Teacher; will pay \$24 per month for remainder of term, which is about two and a half months." The above ad was handed us a few days ago by a patron of a school just over the line in another county, several of the children of the district being from this county, says the Grant County News.

Is it any wonder that there is more illiteracy among the children of the State of Kentucky than any other State in the Union, when such miserly wages are paid her teachers? This school is a sample of a number of schools in Grant county, very few of which pay more than \$25 per month and out of that salary the teacher must board herself. Is it any wonder then that there are few teachers who have followed teaching for any length of time but have emigrated to distant states where they can secure decent wages? Kentucky needs a new school law of some kind; at least one that will pay her teachers living wages.

Don't Want Anybody to Miss Seeing Him.

Gov. Willson will not have a private office in the new capitol, preferring to have his desk in a corner of the general reception room, where he will be accessible to all callers. Why don't he have it placed in the corridor, then the curiosity could be seen by all visitors to the new capitol. A Republican Governor is a curiosity in Kentucky, no doubt about it.

Announcement.

I desire to announce to the public that I have opened out a complete livery, feed and sale stable, at the old stand of Ferguson, Webber and Whaley and will be glad to receive a share of the public patronage. My livery outfit is new; good gentle horses, new buggies and carriages. Horses taken by the single feed, day or month. Farmers are invited to stop with us. Prompt service.

JOHN M. FLANAGAN,

Make It Yourself.

There is so much rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any pharmacy one half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple receipt is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in effecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases--those regular weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women--no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into "Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicines. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

Will Vacate in 1909.

As far as he can, Secretary Taft has committed the American Government to a promise to withdraw completely from Cuba in the beginning of spring in 1909. This pledge is contained in a letter from the War Secretary to the President, transmitting the report of Gov. Magoon for the last year.

After declaring that the report from the Governor shows the conditions in Cuba to be encouraging, Secretary Taft says:

"It was hoped by some that the census might be completed in September last. I did not think so, and I am not at all surprised to learn that the census has not yet been completed and probably will not be until April or May.

"This will postpone the local elections until June, the presidential election until December and the installation of the President and Congress and the turning over of the island until about March or April, 1909.

"This is in compliance with our promise when we assumed temporary control of Cuba, and it seems to me that we ought to allow nothing to interfere with carrying out that promise. There are important interests that would be glad to delay our stay there for years, but good faith and good policy both, in my judgement, require us to leave at the time appointed."

The report of Gov. Magoon constitutes an exhaustive history of the American intervention in Cuba and of the passage of the island under American control.

MILLERSBURG ITEMS.

—Mr. J. H. Shoptaugh is visiting relatives in Illinois.

—Mr. Paul Letton, of the U. S. Army, is the guest of his mother, Mrs. J. H. Shoptaugh.

—Miss Louetta Collier has returned from a three weeks' visit to Mrs. Atkinson, of Paintsville.

—Mrs. C. B. Smith entertained a number of her lady friends with a flinch party Wednesday afternoon.

—Mrs. F. V. Ingels was the guest of her cousin, Mrs. Robert Boon, of Lexington, Tuesday and Wednesday.

—Mrs. A. S. Best entertained the Juvenile Missionary Society of the Methodist church Tuesday afternoon.

—Miss Blanton Collier returned to her home in Cynthiana Monday, after a two weeks' visit, to Miss Mary McDaniel.

—Miss Ruth McClintock left Sunday for a visit to her sister, Mrs. Turner Perry, of Owingsville, and friends at Mt. Sterling.

—Mr. J. G. Smedley returned from Martinsville, Ind., Wednesday, where he has been for the past ten days, much improved.

—Mrs. Johnson, of LaFayette, Ind., is at the bedside of her son, Cadet Johnson, at M. I., who is quite ill with pneumonia.

—Judge Russell Mann, of Paris, and son, Mr. Ray Mann, of Louisville, spent Sunday with the former's brother, Mr. Garrett Mann, who continues quite ill.

—The alumnae of the M. F. C. have received in the last week \$20 from Mr. Ben Best, of Covington, and \$5 from Mrs. Hudson, of Florida, nee Miss Nodie Andrews, a former student and graduate of the college.

—The mid-year missionary meeting of the Board of Missions of the M. E. church South, were in session in the Methodist church here Wednesday and Thursday. The meeting was an interesting one and quite a number of delegates were present.

—While you are waiting at Proctor & Co.'s for them to cut you one of those choice steaks or roasts, select a daily paper from the window behind you and if there are others ahead of you, the time will not seem long while you are waiting.

R. M. CALDWELL, Agent.

—Mr. G. W. Judy attended the election of officers for the coming year of the Kentucky Mining and Development Company at Covington Tuesday. The meeting was an enthusiastic one, and work will be prosecuted vigorously as soon as spring opens at the Caldwell mines. For the past few months some here have been inclined to be a little skeptical and said there would be no more work done, but if there is anything in Tuesday's meeting at Covington it means all they want is time to put the kind of mills on the grounds they are looking for. They claim that metal in large paying quantities is there. They are not soliciting any more stock, and are negotiating with two or three companies for mills, one of these is an English company which it is claimed can save 90 per cent. of the lead out of the raw material, while the American save only about 70. Of course this is a high priced mill and contracts have not yet been closed but the outlook is bright for the Caldwell lead mine.

Paper Changes Hands.

James M. Strother, a prominent lawyer of the Carlisle bar, has leased the Carlisle Democrat plant from Judge McNew, who has for some years been editor and owner. Judge McNew, retires from the paper on account of not having sufficient time to devote to its interest as his duties as county judge call for most of his attention. Mr. Strother is a brother of Rev. J. P. Strother, of this city, and we wish him success in the journalistic field.

New Temple Wanted.

The Nobles of the Mystic Shrine are making an effort to secure a temple at Lexington. At present there are but two in the state, one at Ashland and one at Louisville. Paris has several Shriners who will doubtless be glad to have a new temple more convenient of access than either of the two in the State.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.
